

Colossians Online Bible Study Part 6

Hidden With Christ: Colossians 3:1-17

Questions for Discussion/Personal Reflection:

1. What kinds of things are you allowing to speak into your life and shape your thoughts? Which voices in your life need to be amplified to help you set your mind on things above and live out your identity in Christ, and which voices need to be silenced?
2. Which relationships in your life seem to be characterized more by the attributes of your old way of life rather than your new life in Christ? What might you do to change that? How might you pray for those people?
3. How might you enjoy your relationship with God more? How might you better incorporate yourself into the life of the church to help you enjoy worshiping your Lord Jesus more?
